Dates: June 8-9 2020

Venue: SMX Convention Center, Manila

Country: Philippines

Description (140 words):

The inaugural Manila AIBC Summit will take place June 8-9 2020, bringing together East and West as key brands from the converging sectors of AI, blockchain, IoT, Quantum Tech, and other emerging technologies gather to join the conversation and shape the future.

Combining an expo floor for world-class exhibitors, a start-up village for new businesses, and a hugely popular conferences and workshops agenda, the Manila AIBC Summit runs alongside the SiGMA Manila event, creating more opportunities for synergy between the complementary sectors of iGaming and Blockchain.

AIBC Summit launched in November 2018 in Malta, welcoming more than 8,500 attendees through its doors. Now in 2020, following another two successful shows in Malta in 2019, AIBC Summit opens its doors to the Asian market, and bridges continents to offer a truly global gathering for the emerging tech sectors.
