

EXHIBITOR MANUAL

Malta A.I. & Blockchain Summit

23rd-24th May 2019

Dear Exhibitor/Sponsor,

The Malta A.I. & Blockchain Summit is delighted to present you with this Exhibitor Manual which will guide you in the preparation, management, operation and organisation of your exhibition. The manual will help you to achieve a smooth-running event and allow you to focus all your efforts on promoting your business during the expo. Make sure that you have gone through it all, and identified and understood clearly all the various aspects, including how they affect your event and the way it will function.

The first section contains some important general information about the exposition, such as the divers contact details, The Malta A.I. & Blockchain Summit agenda, Build-up & Breakdown Timetable and some processes to follow which will ensure a smooth event.

Section 2 of this Manual is a summary of our requirements. It is essential that you provide us with all the information we need - as only those participants who have been pre-registered will be permitted entry to the Expo premises. To make sure that you provide us with the necessary information, follow all clauses stipulated in Section 2.

The Sections on Health & Safety and Insurance (Section 3) are particularly important due to their impact on the well-being of participants, and for legal and regulatory compliance purposes. Please make sure you take your time to read these sections carefully.

Deadline dates, which are illustrated on the forms attached to this Exhibitor Manual, are critical and non-negotiable. Please make sure you meet the stipulated deadlines. Meeting these deadlines will certainly save you and your company time, inconvenience, and any applicable surcharge for late orders.

Whilst this Exhibitor Manual is intended to answer all your questions, it does not replace our personal service. Your account manager is always pleased to answer any questions, explain any rule, discuss a procedure, assist in technicalities or offer any special assistance which you may require. Please contact us if you need help.

We look forward to working with you.

You are required to notify Karl Borg at info@karlborgevents.com , with the name, address and phone number of your contractor for each company. This is mandatory in order to coordinate setting up and dismantling logistics.

Given the huge demand for custom-built stands, we are cooperating with several Stand Construction Companies.

Our official stand consultants, designers, and furniture suppliers are the main contacts responsible for booth set-up, including furnishing details such as: tables, chairs, exhibit hardware, plasma TVs, accessories, colour of carpeting, etc. You may use our official stand consultants that you will find on our website or [1.1.3 Official Stand Consultants](#).
